We continuously improve our websites and Services through the use of first- and third-party cookies and other web analytics tools, which help us understand how our visitors use our websites, desktop tools, and mobile applications, what webpages, features and functions they like and dislike, and where they may have run into problems which need to be addressed.

Google Analytics and Adobe Marketing Cloud

We use Google Analytics. You can prevent your data from being used by Google Analytics on our websites by installing the Google Analytics opt-out browser add-on. For enhanced privacy purposes, we also employ IP address masking, a technique used to truncate IP addresses collected by Google Analytics and store them in an abbreviated form to prevent them from being traced back to individual users. You can use Ads Settings to manage the Google ads you see and opt-out of interest-based ads.

These services will also authenticate your identity and provide you the option to share certain personal data with us such as your name and email address to pre-populate our sign-

up form or provide feedback. Your interactions with these features are governed by the Privacy Policy of the third-party company providing them.
